Message from Mrs Mitcheson:

Minibus

I am delighted to inform you that we are in the process of replacing our current minibus with a newer model that accommodates more passengers. We also share a relatively new minibus amongst four schools within our Trust. These minibuses will enable us to engage in more external activities as classes in the future; coach travel can be extremely expensive. We believe these two minibuses will greatly benefit our children's experiences and opportunities.

Outdoor area

We are currently collaborating with an external expert to enhance our forest school and outdoor area. Additionally, improvements will be made to our Yurt, which will include a log burner, creating a fantastic alternative classroom. This initiative aims to enrich our educational environment, providing unique learning experiences for our children. We do have amazing outdoor grounds and want to ensure our children benefit fully from this.
