

Broadwood Primary School

Pupil Premium Strategy 2024-2027

This review is supported by the course 'Making a difference for Disadvantaged Pupils', attended by the HT, led by NEAT and Newcastle LA.

Pupil premium strategy statement

This strategy details our school's use of pupil premium funding (and recovery premium), to help improve the opportunities and outcomes for disadvantaged pupils.

This strategy outlines how we intend to spend the funding during this academic year (24-25) and the impact of our previous pupil premium strategy and funding.

School overview

Detail	Data
School name	Broadwood Primary School
Number of pupils in school	225
Proportion (%) of pupil premium eligible pupils	57%
Academic year/years that our current pupil premium strategy plan covers (3-year plans are recommended)	2024 - 2027
Date this statement was published	December 2024
Date on which it will be reviewed	July 2025
Statement authorised by	Wendy Mitcheson
Pupil premium lead	Wendy Mitcheson
Governor / Trustee lead	Tracey Caffrey

Funding overview

Detail	Amount
Pupil premium funding allocation this academic year	£168,720
Recovery premium funding allocation this academic year	£11,180
Pupil premium funding carried forward from previous years (enter £0 if not applicable)	£0
Total budget for this academic year If your school is an academy in a trust that pools this funding, state the amount available to your school this academic year	£179,900

Part A: Pupil premium strategy plan

Statement of intent

All children deserve the very best education!

It is extremely important to us that:

- Every child feels safe, happy and valued; their voice is heard!
- Every child is supported effectively to overcome any barriers to learning enabling them to achieve maximum success across all curriculum areas.
- Every child is fully prepared for the next chapter of their school life.
- Every child can positively manage challenging situations.

We will therefore set out a strategy which will support disadvantaged children to achieve these goals. We appreciate children face many challenges and it is our responsibility to fully know our children and understand their individual needs, both emotionally and academically.

Relationships, quality first teaching, interventions and the wider curriculum will all be considered within our strategy. As a starting point, we have focused on the context of our school and the challenges many of our children face, rooted in robust diagnostic assessments (not assumptions) about the impact of disadvantaged children.

We will ensure:

- We adopt a whole school approach in supporting and having high expectations of all of our disadvantaged children.
- All children have access to Quality First Teaching.
- Additional needs/gaps in learning are identified and quality interventions are put in place.
- Early identification of Special Educational Needs and the appropriate intervention is put in place.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Context of Deprivation: Many of our children are impacted by high deprivation and the challenges this brings. Limited life and cultural experiences for many of our disadvantaged children restricts understanding of many of the curriculum areas. Low aspirations, resilience and determination to achieve success can impact on attitudes to learning and behaviours.
2	Attainment Gaps: Data and informal assessments demonstrate that our disadvantaged children generally attain lower academically than those of their peers. This is evidenced on entry to school life.

3	<p>Under developed Language and Communication skills:</p> <p>Through observation, conversation and assessment, it is evident that many of our children have underdeveloped language skills and vocabulary, especially on entry to school.</p>
4	<p>Attendance:</p> <p>Attendance for PP children has historically been lower than that of their peers. We have a significant number of children with EHCP (in particularly Hearing-Impaired children) whose attendance is significantly lower than National Average.</p>
5	<p>Social care needs:</p> <p>Through assessments, discussions with high schools regarding children who have recently left us, discussions with parents, teachers and children, we have identified social and emotional challenges which are affecting individual children's ability to effectively learn, be resilient, be confident and cope well in challenging situations.</p> <p>Some of these children are also subject to Children in Need or Child Protection Plans.</p>
6	<p>Special Educational Needs:</p> <p>A significant proportion of PP children have been identified with SEND (although several more children are being monitored). In Years 1 – 6, 25% (43 children) have been identified as having SEND and of these children, 40% have an EHCP (17 children).</p>

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
<p>1. All children can access a broad and balanced curriculum</p> <p>2. Outcomes improve by the end of KS2 and children are fully prepared for secondary school</p>	<p>*All disadvantaged children can access and make sense of the curriculum through a well-planned curriculum offer and quality first teaching.</p> <p>*Progress across the curriculum is good or better, from their starting points, for disadvantaged children.</p> <p>*Increased % for disadvantaged children in meeting national expectations at the end of EYFS, Phonics and KS2.</p> <p>*Children who have been identified as both PP and SEND make strong progress and are fully prepared for the next stage in their education.</p>
<p>2. Children become fluent readers and foster a love of reading</p>	<p>*Children read fluently, talk enthusiastically about what they have read and can make sense of what they have read.</p> <p>*Children make good progress in phonics, ensuring those children capable of passing the phonics screening test, do so!</p> <p>*Children in KS2 are accessing phonics interventions if required and good progress is demonstrated.</p> <p>*Children achieve national standards in reading, in line with their non-disadvantaged peers.</p> <p>*Children enjoy reading and will read for pleasure.</p>
<p>3. A significant improvement in language and communication skills</p>	<p>*All children can communicate effectively at an age appropriate level and understand a wealth of vocabulary relevant to their learning.</p> <p>*Children demonstrate very good oracy skills and can communicate with confidence.</p>

<p>4. Attendance for disadvantaged children is in line or better than National statistics</p>	<p>*Disadvantaged children improve their attendance so that their attendance is in line with non-disadvantaged children nationally. *Persistent Absentees continues to decrease for PP and PP&SEND. *Parental engagement increases to raise the profile of the importance of education.</p>
<p>5. Children are safe, happy, healthy (both physically and mentally) to enable them to become confident learners. They develop positive relationships and learn to manage their emotions to overcome challenging situations.</p>	<p>*Progress is good or better, from the child's starting point, across the curriculum for all disadvantaged children. *Disadvantaged children fully engage in school life and are happy, confident and independent learners. *All children are fully prepared to transition to the next stage of their school life at the end of the academic year. *Children are happy and positive citizens who impact positively within their environments</p>

Activity in this academic year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.

Teaching (for example, CPD, recruitment and retention)

Budgeted cost: £ 65,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Quality First Teaching Develop subject knowledge and pedagogy (Mantle of the Expert, Coaching) Release subject leads to attend training, monitor and plan for leading subject area. NPQH for AHT's and NPQLT for ML All Learning Support Assistants attend weekly staff training sessions Additional 1:1 staff to enable teaching staff to focus on delivering high quality teaching Additional time out of class for Inclusion lead to support individual children, staff and families, ensuring early identification of needs and appropriate interventions are put in place. High quality support for ECT professional development</p>	<p>“Great teaching is the most important lever schools have to improve pupil attainment.” https://educationendowmentfoundation.org.uk/support-for-schools/school-improvement-planning/1-high-quality-teaching</p>	<p>1,2,3,6</p>

<p>Oracy</p> <p>Voice 21 (3rd Year- Designing your Curriculum) (Full staff external training day)</p> <p>Embedding dialogic activities across the curriculum will support children to articulate key ideas, consolidate understanding and extend vocabulary</p>	<p>Waldfoegel and Washbook identified, when it comes to vocabulary at age five: There is a 27% gap between the lowest quintile and the highest.</p> <p>‘Oral language, in particular, is a key indicator for future success’ (Addressing Individual Disadvantage’ Marc Rowland)</p> <p>On average, oral language approaches have a high impact on pupil outcomes of 6 months additional progress.’</p> <p>Strong evidence suggests oral language interventions, including dialogic activities such as high-quality classroom discussions, are inexpensive to implement with high impact on reading.</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/oral-language-interventions</p>	<p>1,2,3</p>
<p>Ensure the teaching and learning of PSHE from Nursery to Year 6 is high profile and high quality</p> <p>To invest in experienced and trained providers to carry out relevant workshops appropriate to our school context (Milkfluencers, Clennel etc) to support children in keeping themselves safe</p>	<p>Research shows when carefully implemented, social and emotional learning can increase positive pupil behaviour, mental health and well-being, and academic performance.</p> <p>https://educationendowmentfoundation.org.uk/news/supporting-schools-to-move-beyond-what-we-do-already</p> <p>To use diagnostic assessments to inform strengths and individual/group/class needs.</p>	<p>2,4,5</p>
<p>Children read fluently and foster a love of reading.</p> <p>Effective phonics teaching</p> <p>High quality reading texts across the curriculum</p> <p>Author visits</p>	<p>Reading comprehension strategies are high impact on average (+6 month), a crucial component of early reading instruction.</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/reading-comprehension-strategies</p> <p>We will ensure consistency and high-quality teaching of phonics across school (Including KS2) based on robust assessments.</p> <p>Ensure explicit teaching of reading using high quality texts</p>	<p>2,3,6</p>
<p>Experienced staffing with Language and Communication and Personal and Social Development a priority in Early Years enabling an increase of quality interactions and appropriate interventions.</p>	<p>Word gaps are particularly pronounced in younger age groups.</p> <p>Early language acquisition impacts on all aspects of young children’s non-physical development. It contributes to their ability to manage emotions and communicate feelings, to establish and maintain relationships, to think symbolically and to learn to read and write. (Addressing educational disadvantage – Marc Rowland)</p>	

Targeted academic support (for example, tutoring, one-to-one support structured interventions)

Budgeted cost: £ 52,000

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>To provide specific targeted support to many disadvantaged children across school (Phonics, BU project, Play therapist, Draw and Talk)</p> <p>Interventions are high quality and appropriate and are fluid – delivered by the teacher when appropriate</p> <p>To ensure there are opportunities to train teaching assistants in delivering interventions.</p> <p>Quality monitoring embedded to ensure all interventions are high quality</p>	<p>We appreciate that targeted interventions have the greatest positive impact if the teaching assistant is trained to deliver.</p> <p>We also recognise deploying teaching assistants in classrooms does not necessarily ensure positive outcomes.</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/teaching-assistant-interventions</p>	2,3,5,6
<p>Enhance the Early Years environment to ensure a language rich environment.</p> <p>Staff to have further training in language development</p>	<p>On average, oral language approaches have a high impact on pupil outcomes of 6 months' additional progress.</p> <p>It is important that spoken language activities are matched to learners' current stage of development, so that it extends their learning and connects with the curriculum.</p> <p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/oral-language-interventions</p>	1,2,3,5,6
<p>To provide extra time for inclusion manager team work with staff and children to ensure needs are identified early, effective communication with parents and high- quality interventions are in place</p> <p>(Addition support for family support worker, academic mentoring)</p>	<p>'Evidence consistently shows the positive impact that targeted academic support can have, including for those not making good progress across the spectrum of achievement.'</p> <p>https://educationendowmentfoundation.org.uk/support-for-schools/school-improvement-planning/2-targeted-academic-support</p>	6

Wider strategies (for example, related to attendance, behaviour, wellbeing)

Budgeted cost: £62,900

Activity	Evidence that supports this approach	Challenge number(s) addressed
<p>Ensure attendance increases, especially for disadvantaged children</p> <p>Family support worker/attendance officer employed.</p> <p>Robust systems in place to address poor attendance.</p> <p>Pick up/bus fares</p>	<p>There is a clear link between poor attendance and lower academic achievement (DFE)</p>	<p>4,6</p>
<p>Increase parental engagement</p> <p>Parent workshops</p> <p>Heighten communication with parents by texting parents with success stories e.g. star of the week, good attendance etc</p> <p>Weekly newsletters</p>	<p>https://educationendowmentfoundation.org.uk/education-evidence/teaching-learning-toolkit/parental-engagement</p>	<p>2,3,4,5</p>
<p>Continue to develop Outdoor Play and Learning to improve physical and PSHE development</p>	<p>Social and emotional skills are essential for children's development – they support effective learning and are linked to positive outcomes in later life. An outdoor area which promotes, resilience, physical development etc will support children in developing these skills.</p> <p>https://educationendowmentfoundation.org.uk/support-for-schools/school-improvement-planning/3-wider-strategies</p>	<p>3,5,6</p>
<p>After school clubs/ coaches/enrichment opportunities linked to curriculum</p> <p>Bespoke financial support eg, bus fares, pick up/drop off, food banks, educational visits, residential.</p>	<p>We provide a range of high-quality clubs, free of charge, to enable disadvantaged children to attend. This is important for them to develop a range of skills, socially, emotionally and physically. It also gives them the opportunities to experience new activities.</p>	<p>1,3,5</p>

Total budgeted cost: £179,900

Part B: Review of our previous PP strategy (2021-2024)

Pupil premium strategy outcomes

- There is much to celebrate at Broadwood. New leaders are driving improvements in all aspects of school life. They have a strong focus on improving pupils' outcomes, which historically have been too low. A new, ambitious curriculum is in place. It considers pupils' starting points and addresses gaps in their learning. (Ofsted March 2023)
- Reading, oracy, personal development and aspiration underpin all curriculum thinking. (Ofsted – May 23)
- The school's culture and ethos contribute effectively to pupils' personal development. Curriculum content is structured well. Pupils learn about themselves and others often and with increasing complexity. Leaders adapt the curriculum to address contextual issues. For example, leaders made a prompt and appropriate response to a spate in knife crime across the region. (Ofsted March 2023)
- Attendance for 2023-2024 for disadvantaged children is broadly in line with our non-disadvantaged children (Diff -1.2%)
- Strong pupil voice across the year demonstrates children have a good understanding of how to keep themselves safe, their enjoyment of school and many can talk confidently about their learning. (External reports)
- Playtimes are lively occasions. Pupils relish the opportunity to play in the extensive grounds. They demonstrate excitement and wonder in their play. Pupils enjoy the wider opportunities on offer. Older pupils are particularly excited about their forthcoming trip to Barcelona. They describe it as being 'the trip of a lifetime'. (Ofsted March 2023)
- Learning Support Assistants effectively used to support teaching and learning "The Teacher and TA worked highly effectively with groups demonstrating and modelling the use of very good language and high expectations of behavior" and "There is a clear investment of staffing in Year 2. TA and teachers are very confident in their pedagogical approach and challenged children to have different approaches to how to solve the problem and agree or disagree with each other such as 'Count up to 70 or Count back from 100'. Very secure teaching encouraged rapid responses from the children." SIP report September 22 (GWC visit) "Across all year groups the Teaching Assistant team are providing highly effective support for pupils with reading and wider learning".
- Achieved the Inclusion Quality Mark "At Broadwood Primary School, there is a genuine, unwavering commitment to inclusive practice which informs all systems and approaches. The Headteacher will accept and welcome all children into the school, regardless of need or background. The Leadership Team are deeply passionate about, and committed to, the inclusion agenda. They want to make a difference to all the children and improve their life chances."
- Summer 2024 – GLD PP 50% LA PP 53.4%
Phonics PP 62.5% LA 67.3%
KS2 data. There has been a significant increase in data outcomes for PP children from 2023 to 2024.

Externally provided programmes

Please include the names of any non-DfE programmes that you purchased in the previous academic year. This will help the Department for Education identify which ones are popular in England

Programme	Provider
Mastering Number	NCETM
Voice21	Voice21

Service pupil premium funding (optional)

For schools that receive this funding, you may wish to provide the following information:

Measure	Details
How did you spend your service pupil premium allocation last academic year?	
What was the impact of that spending on service pupil premium eligible pupils?	

Further information (optional)

Use this space to provide any further information about your pupil premium strategy. For example, about your strategy planning, or other activity that you are implementing to support disadvantaged pupils, that is not dependent on pupil premium or recovery premium funding.
